

IMAGINE: your RV is completely gone... but you still have to finish making payments on it.

Too many RV owners find themselves in this situation because their insurance policy didn't cover their remaining vehicle finance payments.

The Secure Shield Guaranteed Asset Protection (GAP) plan from DKP saves you from this hardship.

Often, there is a gap between the amount of your insurance settlement and the balance of your loan when your vehicle is deemed a total loss due to the following:

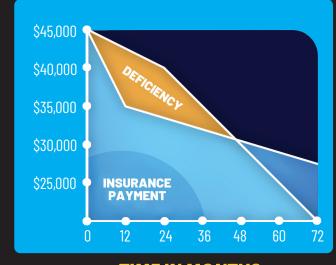

- accident
- fire
- theft
- vandalism
- natural disaster flood

The loan holder is ultimately responsible for the gap in coverage and any insurance deductibles.

In the event of a total loss, our GAP helps close the gap between what you owe on your RV and what insurance actually pays you.

It's an affordable supplement to your standard insurance coverage - and it ensures you won't be left making payments on an RV you no longer have.
