CLEAR VISION IS ESSENTIAL FOR SAFETY ON THE ROAD

Opti Glass is an advanced treatment that your dealer applies to your RV's windshield and headlights. This technology helps reduce the effects of glare and rainwater as it guards against cracks and chips. It's a small investment that pays long-term benefits in visibility.

Opti Glass molecularly fuses with your windshield and headlights to form a hydrophobic barrier.

This added protection provides:

- **enhanced visibility** • **repelled water**
- **reduced glare** • **strengthened glass**

Opti Glass warrants the windshield against:

- **stars** • **chips** • **cracks**

And protects the headlights from:

- **dulling** • **fading**

**IMPROVED
CLARITY**

**REDUCED
NIGHTTIME
GLARE**

**INCREASED
DURABILITY**
