THE PLAN THAT COVERS TIRE & WHEEL DAMAGE

Secure Shield Tire & Wheel Protection pays for the repair or replacement of tires & wheels in the event that they become damaged due to impacts with a covered road hazard.

Many of your customers may not realize that their tire manufacturer's warranties do not cover tire damage due to road hazards.

And, of course, tire warranties won't pay for associated damage to wheels, either.

Once you've educated your customers about those risks, you can offer them a solution with a Tire & Wheel protection plan.

Our Secure Shield coverage includes protection against everything on the road that could puncture or damage tires & wheels, such as:

- **SCREWS AND OTHER SHARP OBJECTS**
- **BROKEN GLASS**
- **POTHOLES**
- **ROCKS AND OTHER DEBRIS**

Whether the condition requires repair or complete replacement, DKP will pay 100% of retail price of:

- **REPAIR PARTS**
- **LABOR**
- **MOUNTING**
- **BALANCING**

**INCLUDES 24/7 - 365
ROADSIDE ASSISTANCE**

Help your customers be totally ready for tire damage that could occur on any trip, near or far...with a Secure Shield Tire & Wheel protection plan.
